Smolira: Books, Corporate finance is the
area of finance dealing with the sources of
funding and the capital structure of
corporations, the actions that managers take
to increase the value of the firm to the
shareholders, and the tools and analysis
used to allocate financial resources. The
primary goal of corporate finance is to
maximize or increase shareholder value. ...,

Stewart C. Myers, Financial economics is the
branch of economics characterized by a
"concentration on monetary activities", in
which "money of one type or another is likely
to appear on both sides of a trade". Its
concern is thus the interrelation of financial
variables, such as prices, interest rates and
shares, as opposed to those concerning the
real economy. It has two main areas of focus:
asset pricing (or ..., End of Chapter Solutions
