Introduction. Health is a state of complete
physical, mental, and social well-being and
not merely the absence of disease or
infirmity .Healthcare facilities (HCF) are
places where patients with health conditions
go for treatment, which is provided by
specialists and other care professionals., J.
Donald Hughes responded to the view that
environmental history is "light on theory" or
lacking theoretical structure by viewing the
subject through the lens of three
"dimensions": nature and culture, history and
science, and scale.This advances beyond
Worster's recognition of three broad clusters
of issues to be addressed by environmental
historians although both historians recognize
that ..., The Blue Marble photograph of Earth,
taken during the Apollo 17 lunar mission in
1972, Science policy issues have recently
joined technology issues in being

acknowledged to have strategic importance
for national "competitiveness" and
"economic security".
